ARTISAN

Artisan is another new design in our **hand-tufted collection**.

Made from a **silk and wool** blend, the subtle, **elegant, geometric design** adds a statement to your interior.

FJORD

This flat-weave collection blends wool and linen, while offering the **same comfort and ease as pure wool**.

Fjord Urban's geometric, **gradient design is available in a multitude of stylish colours**. Fjord Stripes is a more subdued variety, working with more **classical lines**, but has an equally **enticing look**. When combined, both rugs can create a whole new dimension.
